Belarusian - Native

PROFILE

I am a self-motivated developer who continually looks for opportunities to improve. Determination and perseverance are traits that are intrinsically associated with my personality. Experienced Python Developer with a passion for problem-solving. I am determined to exceed expectations and complete complex tasks.

WORK EXPERIENCE

Python Back-end Developer

- I have been learning English and programming by myself for over a year and a half.
- I have written scripts for parsing information.
- I have taken various courses to improve my skills.
- One of my projects is a Telegram bot that parses vacancies. After that, it writes down the vacancy data into the PostgreSQL database and returns it to the user using key words. I plan to rewrite a parser using aiohttp.
- In the future, I'm going to continue learning web-frameworks and Docker.
- Currently, I'm looking for a job or internship to gain experience as a Python back-end developer.

Dosimetrist

2021-now

Belarusian Nuclear Power Plant

- Instructed workers on safe work conditions in nuclear power plants.
- Collaborated with team members to ensure efficient and safe operations.
- Operated and maintained detection devices to monitor radiation levels.
